**Free Event – Free Parking - Fun Activities
Food Trucks - Live Programs - Live Music**

Join Us! Don't Stay Alone in the Dark!

Hope Church, 1905 Pearl Rd, Brunswick, OH 44212

On April 8, 2024, a once-in-a-lifetime experience is coming to Northern Ohio: A total solar eclipse! Excitement surrounding the 2024 solar eclipse is building around Cleveland due to the region's location along the path of totality, which means residents and visitors will experience several minutes of darkness when the moon passes between the sun and Earth, completely blocking the face of the sun.

While you could observe the eclipse from your backyard, most have found eclipses to be even more meaningful while sharing the experience in a community setting. Hope Church is blessed with 10 acres of mostly open sight lines and we're setting up a festive day complete with fun activities, food trucks, live programs & live music! All are invited to join us!

Because we want to ensure our neighbors can view the eclipse safely, Hope Church is offering Free Solar Eclipse Glasses! To receive your free solar eclipse viewing glasses, please complete the form [online](#). Glasses will be distributed at Hope Church on designated days: February 10 and March 23 from 9am to Noon. Glasses will be prioritized to residents in Brunswick and surrounding communities.

Partial Begins	Totality Begins	Totality Ends	Partial Ends
1:59 p.m. EDT	3:13 p.m. EDT	3:17 p.m. EDT	4:29 p.m. EDT

Except during the brief total phase of a total solar eclipse, when the Moon completely blocks the Sun, it is not safe to look directly at the Sun without specialized eye protection for solar viewing.

While Hope Church is distributing eclipse glasses for free, we purchased them from the industry leader in solar eclipse viewing glasses. The company makes all of their glasses in facilities they own and operate in the USA. Our eclipse glasses filter out 99.999% of the intense visible light, and are CE certified and ISO 12312-2 compliant.

"I have passed a varied and eventful life, that it has been my fortune to see earth, heavens, ocean, and man in most of their aspects; but never have I beheld any spectacle which so plainly manifested the majesty of the Creator, or so forcibly taught the lesson of humility to man as a total eclipse of the sun."

- James Fenimore Cooper, author of
The Last of the Mohicans (1826)

Hope Church is blessed to have three NASA retirees as members serving in various leadership roles. One will be presenting informative and inspirational programs. Local astronomy clubs and members have been invited to bring telescopes to create safe solar viewing opportunities.

The following food vendors are confirmed for the event. We are working to confirm more!

Please check back for more details and programming information.
